NOTES:

--Companies may win one award per awards period.

--Company may win once in each category per year (one year = three award periods).

--NE150 Challenge philosophy is to recognize as many companies as possible and to help companies boost employee enrollment/engagement by emphasizing different categories in different awards periods.

--NE150 Challenge philosophy for maximum fairness/competitiveness/legitimacy of awards is to base ideal division size at 10 companies per division, so company-size divisions may be added or dividing lines changed each awards period depending on company enrollment.
